Presents

CHANGING WITH THE TIMES: Caring For Your Parents

Date: April 11th 2013

Time: 7:00pm

Speaker: Vivian Green Korner, MA, CDP

Speakers Bio: Vivian Green Korner, MA, CDP, has worked in the field of geriatric care for over twenty years. Her area of expertise is dementia care. She currently has a private practice providing strategies and practical tips to support caregivers and offers dementia care training programs to health care providers. She is affiliated with the Alzheimer's Association facilitating caregiver support groups.

Program Description: In this presentation, Ms. Korner will discuss how seniors do not always accurately report what is actually occurring in their day to day lives which can put them at risk. This program will examine what specific warning signs to look for in the home and offer suggestions to assure home safety, and continued self-care and independence.
